To whom it may concern:

Chickasaw Telecom is submitting a waiver request to grant an invoice deadline extension for the second time.

The services (Cisco Base SW) on FRN 2881878 were inadvertently invoiced to FRN 2784348. We became aware of this after the invoice deadline had expired. We returned the funds that were paid by the wrong FRN. However, we cannot re-invoice to the correct FRN unless the last day to invoice is updated.

USAC denied our request because they can only extend the invoice deadline once.

Enclosed is the USAC denial note.

Please extend the invoice deadline one more time so we may re-invoice for smartnet.

For any questions or concerns, please contact me at (405) 945-9546.

Thank you,

	Liliana,	
	FCC rules allow for a single, one-time 120-day extension of the deadline to submit an invoice – FCC Form 472 BEAR or FCC Form 474 SPI - but the request for an extension must have been submitted on or before the current invoicing deadline.	
USAC	If you missed your original or extended invoicing deadline, you may file a waiver request with the FCC to request an extension. Then, if the request is approved, you may invoice. To file a waiver request, please follow the instructions for submitting an FCC appeal on the Schools and Libraries website: http://www.usac.org/about/about/program-integrity/appeals.aspx	10/27/2017 10:26 AM EDT
